

Cover Crop Field Day

This field day is **FREE** and open to the public. We hope you can join us!

Featured Speaker: Eric Volsen

Eric Volsen, along with his father, Ron, farm near Walters, MN. They grow corn, soybeans, and recently implemented small grains back into the rotation.

Throughout the past few years, the Volsens have been implementing cover crops. Now, Eric implements cover crops and reduced tillage practices on the majority of his farm. Looking at the science behind soil has driven Eric to become more than a “dirt” farmer. “The soil health practice has always made sense,” Eric says.

Improving the operation without sacrificing income has been a challenging, but starting small yet aggressive has given Eric the confidence to try more each year.

FARIBAULT COUNTY
SWCD

When:

Wed. September 7, 2022 starting at
3:00-5:00pm

Where:

(Near) 6300 State Hwy 22, Kiester,
